

Student Success Agency Parent/Guardian Consent Form

Dear Parents of an Awesome Student,

My name is EJ Carrion and I am the co-founder of Student Success Agency. We are the first agency that gives students personal agents to help with college and career success. Your student's school and the GEAR UP program has purchased our service, and by completing this form, your student is demonstrating interest in potentially being selected to have his/her own agent.

We are sending you this parent consent form to inform you and to request permission to work with your teenager during and outside of school. We will work diligently as his/her personal agent to help them with college and career goals. Communication between agent and student will be via mobile phone and computer through our secure proprietary platform. We can assure you that all safety measures will be taken to protect your child while in the agency program. We make sure that, **no unmonitored communication** will take place between our success agent and your teenager along with **no discussion of issues outside the scope of our program**. All agents completed a full comprehensive fingerprint background check to assure quality and safety.

Pursuant to law, we will not release any personally identifiable information without prior written consent from you as a parent or guardian. Personal identifiable information includes student names, photo or image, residential address, e-mail address, phone numbers, and locations and types of activities your student is involved in.

If you as the parent or guardian wish to accept this agreement, check any of the following choices you wish to give consent in and sign at the bottom of this form:

_____ I/We GRANT permission for my teenager to participate and connect with their agent via video chat.

_____ I/We GRANT permission for my student's phone number to be exchanged with their agent to set up sessions and receive immediate assistance on the program.
